Carcass Tags Issued to Junior Gun Deer License Holders (Ages 12-17)

In 2006, the Junior Gun Deer License included one Gun Buck Deer Carcass Tag, valid in any unit statewide and one Antlerless Deer Carcass tag valid in Earn a Buck and Herd Control Units. The Junior Gun Deer License is available to resident youth ages 12 to 17 years of age.

In an effort to:

1. Increase deer hunting opportunities for youth
2. Increase the opportunity for youth to harvest antlerless deer

BE IT RESOLVED, the Conservation Congress at its annual meeting held in Kenosha County on April 16, 2007, recommends that the Department of Natural Resources take action to correct this situation by changing the Buck Deer Carcass Tag, that is currently issued with a Junior Gun Deer License, to an Either Sex Deer Carcass Tag valid in any unit statewide. Junior Gun Deer License Holders would still receive one Antlerless Deer Carcass Tag valid in Earn a Buck and Herd Control Units. This would provide young hunters with the opportunity to harvest two antlerless deer or one buck and one antlerless deer in regular deer management units, without having to purchase an additional antlerless deer carcass tag.
