Form 1100-002N (Rev. 03/15)

Wisconsin Department of Natural Resources
Natural Resources Board Agenda Item

5.A.1.

SUBJECT:
Update on the Department's strategic analysis related to fish passage at dams in Wisconsin.

FOR: February 2016 Board meeting

PRESENTER'S NAME AND TITLE: Jim Doperalski-- Env. Analysis and Review Specialist serving as Strategic Analysis Team Coordinator

INFORMATION ITEM:
Status of the Fish Passage at Dams Strategic Analysis

SUMMARY:

In order to inform future policy and guidance development, the department has opted to use the NR 150 "strategic analysis" process to involve key stakeholders and the public in gathering and evaluating available factual information related to this important natural resources management topic.

The department crafted a draft outline of topics to address and sought public comments on the proposed scope of the analysis during the period of November 20, 2015 through January 29, 2016. Based on the comments received during scoping, the department has prepared a working outline for the document.

Staff will share a brief summary of the comments received and the expected schedule to complete the analysis document.
