THE PROBLEM

AT PRESENT THE LEGAL LENGTH OF NORTHERN PIKE IS 26". MY GROUP HAVE NOT CAUGHT A 26" NORTHERN PIKE FOR A NUMBER OF YEARS. SMALLER NORTHERNS ARE FAR MORE COMMON. WHEREAS TOO MANY NORTHERN PIKE HAVE TO BE PUT BACK.

LET IT BE RESOLVED THAT THE CONSERVATION CONGRESS AT THE ANNUAL MEETING IN WASHINGTON COUNTY ON APRIL 10,2006 RECOMMENDS THAT THE DEPARTMENT OF NATURAL RESOURCES TAKE ACTION TO CORRECT THIS BY INTRODUCING AND LOWERING THE NORTHERN PIKE SIZE LIMIT TO APPROXIMATELY 21"
