Help Out on State Natural Areas

Chiwaukee Prairie Workday

The prairie is blooming, come restore Chiwaukee Prairie SNA. Help Chiwaukee Prairie Preservation Fund volunteers during our third Saturday workdays and enjoy the beauty of this rich prairie in the process. We will scout for and remove a variety of invasives (sweet clovers, swallow-wort, thistles, loosestrife, and other weeds) which threaten to displace native plants. We will remove these using a variety of techniques including herbicides, shovels, and our hands. Bring a bag lunch to eat afterwards. No skills needed you will be trained onsite.

Date: July 15
