Subject: The Foxconn Scam
Date: Thursday, March 15, 2018 9:02:56 AM

Say no to this diversion. Water belongs to the people of Wisconsin as granted by the 1787 Northwest Ordinance, and enshrined in Wisconsin's Public Trust Doctrine and placed in trust with WDNR for the people, and backed by decades of case law.

Foxconn should not be an exception and should abide by all laws that other citizens and businesses have to abide by.
