NATURAL RESOURCES BOARD AGENDA ITEM

Item No. 3.A.2

SUBJECT: Information Item: Phosphorus and Stormwater Update

FOR: APRIL 2011 **BOARD MEETING**

TO BE PRESENTED BY / TITLE: Jim Baumann, Special Assistant, Bureau of Watershed Management

SUMMARY:

This informational item requested by the Natural Resources Board will provide an update on administrative rule changes dealing with phosphrous and municipal storm water management approved for adoption by the Board in June 2010 and changes proposed to these rules in the Governor's biennial budget bill. For phosphorus, the update will focus on proposed changes to s. NR 102.06, Wis. Adm. Code, phosphorus water quality standards, and subchapter III of NR 217, Wis. Adm. Code, point source effluent limitations and implementation options. For municipal storm water management, the proposed changes relate to the 40 percent total suspended solids control in s. NR 151.13 (b), Wis. Adm. Code.

RECOMMENDATION: INFORMATIONAL ONLY
