*If a deadline falls on a weekend or legal holiday, that deadline is extended to the next business day.

Reminder: Submit final plans & specifications to the DNR Bureau of Water Quality/Drinking Water & Groundwater by the CWFP/SDWLP application deadline **and** upload electronic copies of plans & specs with the CWFP/SDWLP application.

Supplemental SDWLP applications may be submitted anytime during the SFY for projects *not* seeking PF. The SDWLP application and loan closing deadlines are set in the corresponding SFY Intended Use Plan.

CWFP applications are accepted anytime during the SFY for projects *not* seeking PF. CWFP applications submitted after Sept. 30 can still receive a loan and be considered for Energy Efficiency Priority PF if funding is available. The Pilot Project application is a PDF and is currently not available to submit online. For both PF and non-PF CWFP projects, the loan must close within eight months following the date of the application acceptance notification.
