Subject:	Citizen Comment in Opposition to Foxconn Diversion
Date:	Wednesday, March 21, 2018 1:42:26 PM

To whom it may concern:

I am writing today, prior to the close of business on March 21, 2018 to argue against approval of the diversion request being considered by the Wisconsin Department of Natural Resources to supply the proposed Foxconn development with Great Lakes basin water resources.

I volunteered extensively with the Wisconsin League of Conservation Voters to get the Great Lakes Compact signed by Wisconsin. The purpose of the Great Lakes Compact is to protect the water resources of the Great Lakes from purely private exploitation. The enumerated examples of possible exemption in the Compact are almost exclusively for public benefit and/or residential use. Foxconn is a purely private, non-residential venture that should not be granted a diversion.

Best,

James Davies
