Subject:	DENY access to Lake Michigan for Foxconn. They will poison Lake Michigan.

This is not rocket science. Foxconn will contaminate Lake Michigan.
We don't believe Foxconn to be honest about the contamination levels.

The city of Racine requests to divert up to an annual average of 7 million gallons of water a day in the straddling community, the village of Mount Pleasant. The diversion area includes part of the area identified by Racine County as the future site of the Foxconn facility.

We are appalled the deal has even gotten this far. This is insane.

This TMJ report suggests 39% won't be returned from the lake.
https://www.tmj4.com/news/local-news/39-of-water-foxconn-takes-from-lake-michigan-will-not-return-to-lake

I care about water quality in Wisconsin's lakes and rivers. Gov.Scott Walker does not.

I strongly oppose the Foxconn deal.
