Subject:	The Great Lakes is our greatest resource
Date:	Wednesday, March 21, 2018 12:19:20 PM

The Great Lakes is our greatest resource to all the communities that reside on Lake Michigan. Life giving water should never be diverted for the profit of a few especially when the majority of Wisconsin residents are against Foxconn. We are a country of checks and balances. I urge the DNR to protect Lake Michigan and all of our communities and vote no against water diversion to Foxconn.

Thank you

Sincerely,
Ricardo Trinidad
