Subject:	Deny the Foxconn water permit
Date:	Monday, March 19, 2018 4:46:24 PM

To Whom It May Concern:

Water is our precious treasure. Any threat to the Great Lakes is a threat to us all. Apparently, the Foxconn plant will not be situated within the Great Lakes Basin. The burden placed on Lake Michigan will be enormous. Apparently much of the water syphoned off from Lake Michigan will be consumed and not returned to the Lake. There has been no guarantee by Foxconn that the water diverted and returned will be clean and ready for consumption by the people living along the Lake.

I urge you to deny this permit.

Sincerely,
Carole Geddes-Engel
