Help Out on State Natural Areas

Waubesa Wetlands Workday

Join the new volunteer effort to restore Waubesa Wetlands! Waubesa is known for its large, high quality wetlands and spring complexes. With increased prescribed burning and brush control DNR crews and volunteers have increased efforts to improve this site. This workday will focus on cutting, treating, and piling brush on the edge of an oak woods. No skills needed you will be trained onsite.

Info about Waubesa.

Date: November 3

Time: 9- 12 pm
