Hi Craig,

Thanks for contacting us. We should be able to remove the landing from the website next week when our web person is back in the office. I will let you know if we need further verification to remove the site, but I think we're all set.

We are committed to service excellence.

Subject: Public landing on Austin Lake page

Hi Dave,

I was contacted by the lake association of Austin Lake in Burnett County about our lake page stating there is public access to the lake. After reviewing the Burnett county deed website, I cannot find where there is any land owned by the state or county around the lake. It is unfortunate that we lost access, but the site should be updated to reflect that and avoid conflict. I told the lake association we would likely need some type of verification of this change. Do you know what I need to do to get this corrected?

Thanks for the help,

We are committed to service excellence.
