Flashcard Printing Instructions

[Front of card, upper left corner of **page 1**]

CRITTER

[Back of card, upper right corner of **page 2**]

IDENTIFICATION

We hope you enjoy these wildlife identification flash cards made using Snapshot Wisconsin photos!

Please print sheets both sided for correct formatting, while in PDF form the image should correspond opposite horizontally to the identification on the following page (see example above).

Please report any potential errors to team members at DNRSnapshotWisconsin@wisconsin.gov.

Test your animal identification skills with these *Snapshot Wisconsin* trail camera photos!

Level: intermediate

American beaver

Castor canadensis
