- D. Review committee mission statement

The Bear Committee of the Conservation Congress mission is to ensure that we maintain a population of black bear in Wisconsin that allows the citizens the ability to harvest a percentage of that population each year but leave an ample amount of mature bears to continue the breeding process.

We also want to promote all legal methods for hunting the black bear which include;

- 1) Training season for hounds
- 2) Hunting with aid of hounds
- 3) Use of hounds and bait
- 4) Ability to use bait
- 5) Other methods

The charge of the committee is to help make it possible that everyone that hunts the black bear has a chance to have an enjoyable and maybe a successful hunt and that the future of the black bear in Wisconsin remains a noble and well sought-after animal.
