Subject:	OPPOSE DIVERSION OF LAKE MICHIGAN WATER BEYOND WATERSHED
Date:	Sunday, March 18, 2018 9:55:58 PM

Dear DNR,
I write to express my opposition to any diversion of Lake Michigan water beyond its natural watershed. This public resource should not be used as part of the state's business deal with FoxComm. Great lake water should not be monetized nor exported, except for compelling public interests. This diversion should not be permitted.
Regards,
Jim Brennan
