Hello,

My name is Laura Schulz and I am a resident of the City of Racine.

I am writing to express my opposition to the City of Racine's proposal to receive Great Lakes Water for the area of Mount Pleasant serving Foxconn and related businesses.

Foxconn is a private corporation, not a residential community. As stated in the Great Lakes Compact, straddling communities may apply to receive Great Lakes water for primarily residential use. Unless Foxconn is intending to house their employees at their facility, Foxconn does not qualify as "residential".

I urge you to deny this application.

Thank you

Laura Schulz
