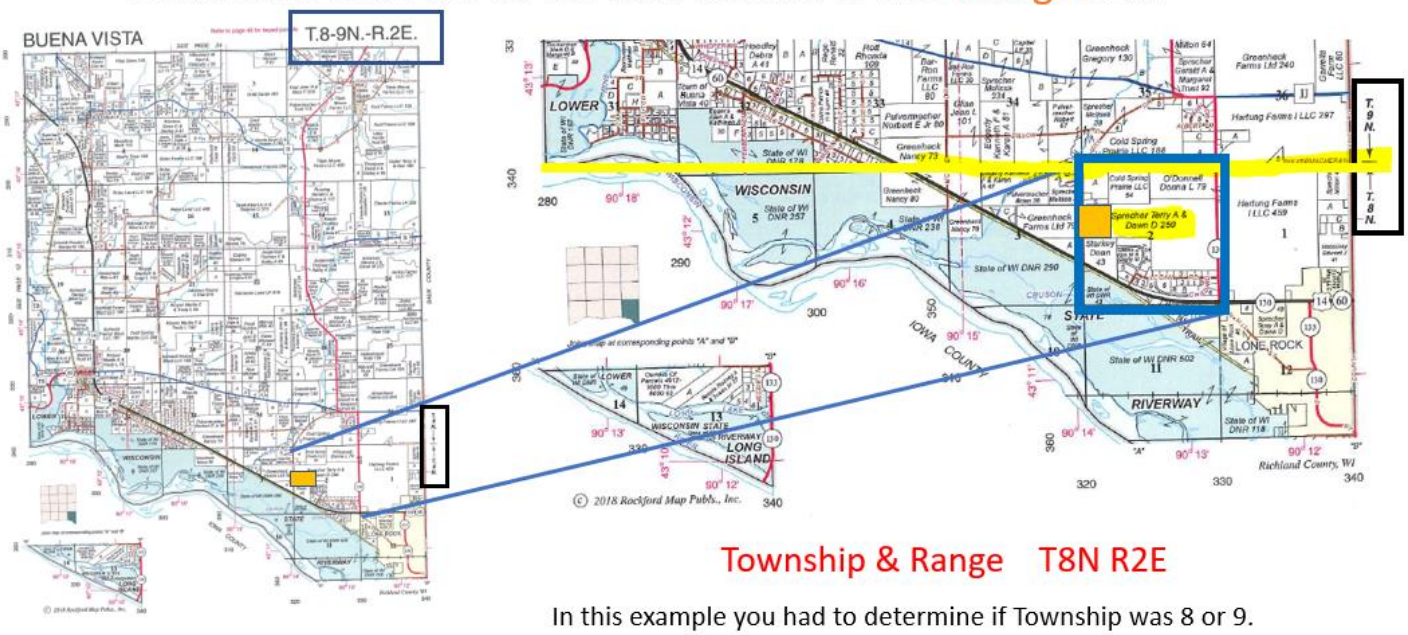
Example of Using a Plat Book

Determine the PLSS of the well located in the orange box.



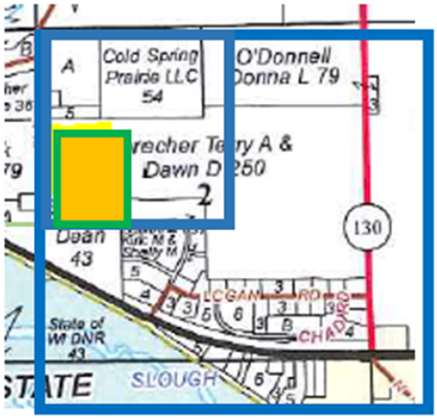
Township & Range T8N R2E

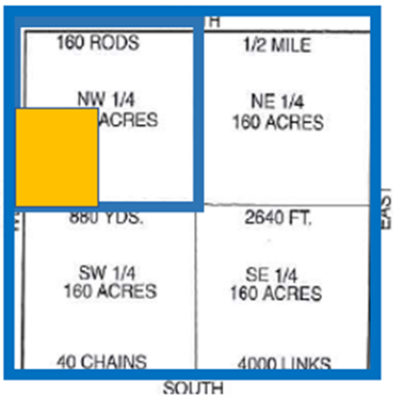
In this example you had to determine if Township was 8 or 9.
Look for the split along the margins in cases like this.

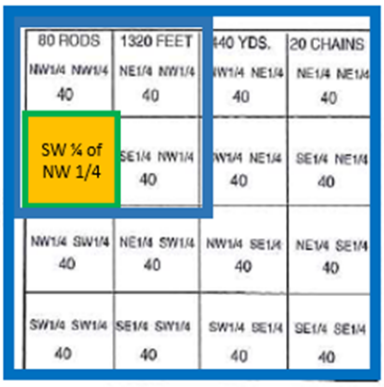
PLSS = Public Land Survey System

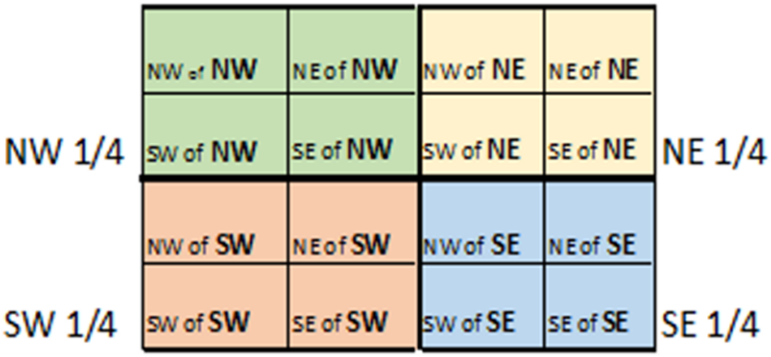
"Bigger" quarter goes closest to section number

SW of NW Sec 2



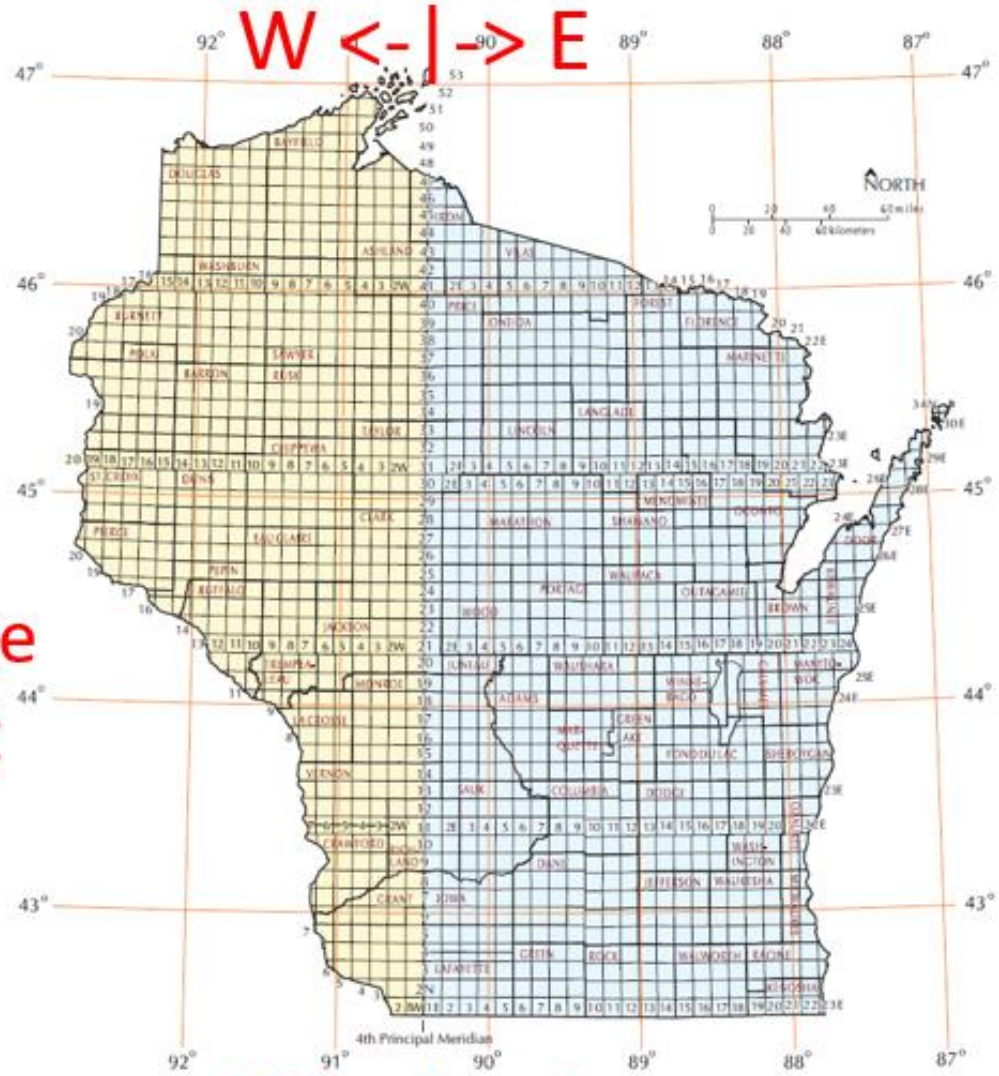






W <-|-> E

Range West



Range East

W <-|-> E
