

**Wisconsin Department of Natural Resources
Natural Resources Board Agenda Item**

SUBJECT: Activities and Strategies to Reduce Nutrient Discharge

FOR: August 2015 Board meeting

TO BE PRESENTED BY: Russell Rasmussen

SUMMARY:

An informational presentation to present the framework and strategies that are used by the Department to reduce nutrient discharge to surface and ground water in Wisconsin. The focus will be on phosphorus, although nitrogen will also be discussed. Current partnerships and collaborative efforts will be identified. Activities with all sources, including point sources such as municipal treatment systems and industrial facilities and nonpoint sources such as agriculture and storm water will be presented.

RECOMMENDATION: Information Only
