

RIFLE USAGE IN DEER MANAGEMENT UNIT 62B

Currently there is no rifle usage in D.M.U. 26B for deer hunting, whereas the use of handguns and shotguns with slugs is permitted.

At present, state law permitting the use of hand guns, with the same ammunition as used in rifles, are being used without complications. Every year more people are injured in shotgun incidents as are rifles and pistols.

Be it resolved, that the conservation congress at it's annual meeting held in Shawano county on April 16, 2007, recommend that the DNR take action to correct the situation by introducing one of the following options:

A) 30 Yes 20 No

To allow the use of rifles in Shawano County in the area between STH 29 and County Highway J, and the Marathon and Waupaca county lines.

5908 B) 20 Yes 27 No

To allow the use of rifles in Shawano County between STH 29, County Highway G, STH 45 and the Marathon and Waupaca county lines.

C) 18 Yes 28 No

To allow the use of rifles in Shawano County between STH 29 and STH 22 and the Marathon and Waupaca county lines.
