The Problem:

The Wisconsin Department of Natural Resources is always in need of more funding.

Our license, stamp, and fee costs keep going up.

At present, the state of Wisconsin takes all revenue generated by the Department of Natural Resources and puts them into the general fund. Then they allocate a portion of those funds to the Department of Natural Resources.

Whereas, If Wisconsin Department of Natural Resources was better funded they wouldn't need to raise license, stamp, and fee costs.

Whereas, Wisconsin sportsmen pay a lot in licences, stamps, and fees, therefore

BE IT RESOLVED, the Conservation Congress at its annual meeting held in **Manitowoc** on **April 16, 2007**, recommends that the Department of Natural Resources take action to correct this situation by introducing legislation mandating all revenue generated by the Wisconsin Department of Natural Resources be exclusively used by the Wisconsin Department of Natural Resources and/or programs directly benefiting our natural resources.
