The Problem:

360507

The number of hunters in our state is decreasing. In order to expand the number of people hunting, we need the children in our state to get interested in hunting. The youth of our state don't always have opportunity to hunt.

Many parents and /or legal guardians in Wisconsin do not hunt.

At present, state law does not permit children under 14 to hunt without their parents or legal guardian.

Whereas, Wisconsin needs to promote youth hunting heritage.

Whereas, There are many adult hunter education graduates in Wisconsin, therefore

**BE IT RESOLVED**, the Conservation Congress at its annual meeting held in **Manitowoc** on **April 16, 2007**, recommends that the Department of Natural Resources take action to correct this situation by introducing rule changes allowing an adult hunter education graduate or parent or legal guardian to accompany hunters under age 14.
