

Resolution #

37

08-07-10

Title: Establish a free ice fishing weekend in Wisconsin.

The Concern: Currently Wisconsin has a free open water fishing weekend every June.

With the growing popularity of ice fishing, Wisconsin should establish a free ice fishing weekend.

If enacted, it has been suggested the last weekend in February be considered.

Be it resolved that the Conservation Congress at its annual meeting in

Calumet county of April 12, 2010, recommends the Wisconsin DNR take the necessary steps to establish a free ice fishing weekend in Wisconsin.
