

Resolution # 64-03-10

**Title: Allow crossbows for archery hunting in the Chronic Wasting Disease  
Management Zone without age or disability restrictions.**

**Concern:** An opportunity exists to expand outdoor recreational hunting opportunities and options to deer management in the CWD Management Zone of southern Wisconsin by eliminating an obstacle to greater participation in hunting activity.

**Be It Resolved** that the Conservation Congress at its annual meeting in Vilas County on April 12, 2010, recommends the Wisconsin DNR increase outdoor recreational hunting opportunity in the CWD Management Zone by allowing the option of using a crossbow use under the archery license without current age and/or disability restrictions.
