

Resolution # 04-05-10

**Title: Establish a free ice fishing weekend in Wisconsin.**

**The Concern:** Currently Wisconsin has a free open water fishing weekend every June.

With the growing popularity of ice fishing, Wisconsin should establish a free ice fishing weekend.

If enacted, it has been suggested the last weekend in February be considered.

**Be it resolved** that the Conservation Congress at its annual meeting in

Vilas county of April 12, 2010, recommends the Wisconsin DNR take the necessary steps to establish a free ice fishing weekend in Wisconsin.
