

**RESOLUTION****ALTERNATIVE EARN-A-BUCK**

**THE SITUATION:** The residents of Shawano county have requested, at previous Spring Hearings, that Earn-a-Buck not be used in any units within Shawano County, now or in the future. There is an over harvest of antlerless deer in the areas within the units. The use of crop-damage permits has been isolated to the same areas continuously. The acreage used for over-winter goals doesn't include smaller acreage plots and, if used, would raise our over-winter goals per square mile.

**THEREFORE, BE IT RESOLVED,** that the Conservation Congress at its Spring Hearing, held in Shawano County, State of Wisconsin, on April 11, 2011 does not support an Earn-a-Buck in the units within Shawano County and suggest the implementation of an Earn-a-Buck alternative without creating great differences in deer population within the units of Shawano County.
