Title: Bulk Resolutions

The Problem:

In an effort to get controversial resolutions passed, some individuals submit the same resolution in as many counties as they can. They do this with resolutions that have been repeatedly rejected in hopes it will pass in at least one county and it bogs' down the system.

BE IT RESOLVED, that the Conservation Congress at its annual meeting in Walworth County on April 11, 2011 recommends that the Conservation Congress work with the Department to take action to correct this situation by introducing rule changes making the same or like resolution introduced in multiple counties be treated as one resolution for voting purposes, thus combining all county votes of same or like resolutions to determine pass or fail.
