Title: Antlerless permits for nine day gun deer season.

The Problem:

Currently antlerless permits are given out on a first come first serve basis either on the internet or by purchasing them over the counter at a license outlet.

With the decreasing amount of permits available in many areas it has become almost impossible to obtain a permit. The new system is also not fair to all hunters as it used to be done by using a draw system.

Solution:

I would like to see a "Draw System" and or a "Party Permit System" implemented in the state to insure that interest by our existing, young and new hunters is achieved.

BE IT RESOLVED, that the Conservation Congress at its annual meeting held in Racine County on April 13, 2015 recommends that the Conservation Congress work with the department to take action to correct this situation by introducing rule change to implement this new Draw and or Party Permit System.
