Retirement Resolution

Linda L. Evans, Natural Resources Office Operations Associate, retired from the Wisconsin Department of Natural Resources on July 31, 2009 after more than 41 years of service.

Linda began her career with the Department of Natural Resources in October 1973, at the F.G. Wilson State Nursery as a Typist II. Through the years, her position evolved to a Natural Resources Office Operations Associate. Linda's duties were challenging, rewarding and diverse. She served the public through license sales, recreational vehicle registration and answering endless questions, as well as supporting DNR staff in Forestry, Wildlife, Facilities and Lands, and Law Enforcement. Linda is a true team player, always willing to help where needed to get the job done. "It's not my job" is not in her vocabulary. Because of that attitude, others in the office were willing to help her out as well; like the year Linda sold the most "Bonus Deer Tags" in the state. Many customers come back year after year, just to see Linda. Spring is another challenging time of year, when the nursery may hire as many as 100 LTEs in a single day. Linda's goal was always "get the paperwork done!" Over the years though, the question Linda probably had to answer more than any other was "when are we going to start digging trees?"

Prior to her career at the F.G. Wilson State Nursery, Linda spent nearly 5 years with the Wisconsin Department of Transportation at the Madison DMV office in revocations and suspensions as a Typist III.

Linda's 41 years of service to the people of the State of Wisconsin are much appreciated, and she will be missed as a vital member of the F.G. Wilson State Nursery Team.

WHEREAS, Linda L. Evans has served the people of the State of Wisconsin faithfully and well in the performance of duties and has thus earned the commendation due an exemplary public employee;

NOW, THEREFORE, the Natural Resources Board at its August 2009 meeting at Hayward, Wisconsin, recognizes such faithful service with due respect and gratitude, and hereby makes this commendation a part of its official records.

Natural Resources Board

Christine Thomas, CHAIR
