

NATURAL RESOURCES BOARD AGENDA ITEM

SUBJECT: The Natural Resources Foundation will donate \$8,500 in support of the Citizen-Based Monitoring Program.

FOR: APRIL 2010 BOARD MEETING

TO BE PRESENTED BY: Matthew Frank

SUMMARY:

This donation is for developing a series of online training videos called "Capture the Knowledge," in which specialists demonstrate basic natural resource inventory and monitoring techniques and data collection standards. These instructional videos will increase volunteer access to standardized training materials and, in turn, allow the experts to focus more time and resources on their advanced training courses and workshops. This gift of \$8,500 from the Natural Resources Foundation will help start this process.
