## moving the boundary between farmland and forest in wood county

In the last couple years there has been discussion of moving the boundary from hwy 73 to hwy 54, or somewhere between.

The line was drawn in Madison, and we were not able to move it at first.

The CDAC would like to manage the farmland as farmland (as the deer herd can populate faster, and need closer controls) and the forest zone as forest zone.

SO WE IN WOOD COUNTY WOULD LIKE TO  
HAVE THE OPTION OF MOVING THE ZONE  
BOUNDARY AS SOON AS FEASIBLE
