RE: EPA approval of the Phase 2 Remedial Action Completion Report  
Ashland/NSP Lakefront Superfund Site

Dear Mr. Ealy:

The United States Environmental Protection Agency (EPA), in consultation with the Wisconsin Department of Natural Resources (WDNR), reviewed the *Phase 2 Remedial Action Completion Report* sent by Foth/Envirocon Joint Venture (FE-JV) in December 2018, on behalf of Northern States Power Company (NSPW). EPA is approving the Phase 2 RA completion report.

Please submit a final copy (CD or thumb drive) to EPA and WDNR. If you have any questions or would like to discuss things further, please contact me at 312-886-1999 or by email at [hansen.scott@epa.gov](mailto:hansen.scott@epa.gov).

Sincerely,

A handwritten signature in cursive script that reads "Scott Hansen".

Scott K. Hansen  
Remedial Project Manager
