SUBJECT: Approval of Remedial Design Report for the Better Brite Superfund site  
in De Pere, Wisconsin

Dear Judy:

The Wisconsin Department of Natural Resources (the Department) has received the above-referenced submittal dated January 14, 1999. Both the Department and the United States Environmental Protection Agency, Region 5, have reviewed the final version of the Remedial Design Report for the Better Brite Superfund site in De Pere, Wisconsin. The agencies concur that the comments provided earlier to HSI Geotrans have been incorporated properly into this final document. Therefore, this letter serves as your approval of the final Design Report dated January 14, 1999.

If you have any questions or comments, please call me in Green Bay at (920) 492-5921.

Sincerely,

Keld Lauridsen  
Hydrogeologist  
Remediation and Redevelopment Program
