Subject: WPS Marinette - PDI Field Activities

Margaret,

As you know, we will be mobilizing next Monday 4/13/20 to initiate PDI field sampling activities at the former WPS Marinette MGP site. As we discussed, we will provide an email to the group on Thursday (and on all subsequent Thursdays while we are mobilized) summarizing the week's activities and outlining the plans for the following week. Starting on Wednesday 4/22/20 we will also schedule a group conference call for the project at 10 AM. Please let us know if there is additional information or communication you may need in the meantime.

Also, if I could get some written confirmation from you that the PDI Workplan Rev 2 (submitted 3/13/20) is acceptable/approved for my project file that would be most appreciated. As always, please feel free to call with any questions.

Thanks,
