**RE: Site Use Map and Use Restrictions for October 2023 to October 2024 Period
Former DuPont Barksdale Works
72315 State Highway 13
Town of Barksdale, Bayfield County, Wisconsin
FID No.: 804009140
EPA ID No.: WIR000133447
BRRTS No. 02-04-00156**

Dear Mr. Bretting:

Attached please find the updated annual Site Use Map (map) for your use and reference for the period starting October 2023 through October 2024. As you are aware, The Chemours Company FC, LLC (Chemours) has been updating and issuing this map annually so that Bretting Development Corporation's (BDC's) primary users and guests may readily identify portions of the former DuPont Barksdale Works property (Site) that are suitable for recreational use at a frequency of 60 days per calendar year per adult user.

The boundaries shown on the attached map are consistent with the previous map that was included in the letter to you dated October 21, 2022. The total Site land area currently available for BDC use is approximately 1,475 acres of the 1,798 acres that comprised the former Site and are currently owned by BDC. This total remains unchanged from 2022.

Please note that the boundaries shown on the map are subject to change, based on either WDNR's review of the work completed to date in both use areas and/or any future need identified by Chemours and/or WDNR.

As with previous annual use maps, multiple copies of the attached annual use map will be printed on vinyl banner material and delivered to the clubhouse for your distribution to land users.

If you have any questions or comments, please feel free to contact me by telephone at (812) 406-7117 or by email at Bradley.S.Nave@chemours.com.

Sincerely,

A handwritten signature in black ink that reads 'Bradley S. Nave'. The signature is written in a cursive, flowing style.
