Reference No. 086165-07-07

LaVonne Brethorst
8627 Daniels 70
Siren, Wisconsin 54872

Dear LaVonne:

**Re: Residential Well Sampling Notification
Penta Wood Products Superfund Site
Siren, Wisconsin**

On behalf of the Wisconsin Department of Natural Resources (WDNR), GHD Services Inc. (GHD) is planning to sample your residential well as part of the ongoing remedial action and groundwater monitoring as required by the United States Environmental Protection Agency (USEPA) for the Penta Wood Products Superfund Site. Sampling is scheduled to occur between October 1 and 9, 2020.

Residential well sampling will occur under the following conditions:

- Water samples will be collected on one day during the week (Monday through Friday) between normal business hours (8 a.m. through 5 p.m.), unless other arrangements have been made with you.
- The samples will be collected in the same manner to previous sampling events. Each sample will be analyzed for pentachlorophenol, benzene, toluene, ethylbenzene, xylenes (BTEX), and naphthalene.
- Sampling technicians will wear face coverings and gloves and will practice physical distancing while on your property.
- A copy of the analytical results will be mailed to you by GHD within 60 days of sample collection.

Given the current COVID-19 situation, we understand if you prefer not to have sampling technicians access your property to collect a sample from your well at this time. By this letter, we are asking for your agreement to access your property to collect a water sample from your well. Please indicate your preference in the place provided below to allow the WDNR and GHD access to your property in accordance to the conditions listed above. Once you have indicated your preference and signed, we ask that you either mail it back in the attached addressed stamped envelope. Or you can send us a copy via email (tim.ree@ghd.com), whichever is most convenient for you.

We appreciate your ongoing cooperation related to the remedial action at the Penta Wood Products Superfund Site. If you have any questions, please contact me at (651) 639-0913 or Phil Richard (WDNR project manager) at (715) 661-0125.

Sincerely,

GHD
