**Residential Well Sampling Notification**  
**8627 Daniels 70, RW2**  
**Penta Wood Products Superfund Site**  
**Siren, Wisconsin**

Dear Ms. Edaburn:

On behalf of the Wisconsin Department of Natural Resources (WDNR), GHD Services Inc. (GHD) is planning to sample your residential well as part of the ongoing remedial action and groundwater monitoring as required by the United States Environmental Protection Agency (USEPA) for the Penta Wood Products Superfund Site. Sampling is scheduled to occur the week of April 11, 2022.

Residential well sampling will occur under the following conditions:

- Water samples will be collected one day during the week (Monday through Friday) between normal business hours (8 a.m. through 5 p.m.), unless other arrangements have been made by you.
- The samples will be collected in the same manner as previous events. Each sample will be analyzed for pentachlorophenol (PCP); benzene, toluene, ethylbenzene, and xylenes (BTEX); and naphthalene.
- A copy of the analytical results will be mailed to you by GHD within 60 days of sample collection.

If you have any questions, please contact our office at (612) 524-6866 or Phil Richard (WDNR project manager) at (715) 661-0125.

Regards,
