Subject: December 27, 2017 Monitoring Well Workplan Approval

Dear Mr. Sheppard:

The Department has reviewed and approves the December 27, 2017 workplan. The workplan calls for the abandonment of wells MW 22S, MW22D, MW23S and MW22D that lie inside the manufacturing building. The abandonment procedure and documentation is acceptable. Further, the work plan calls for the installation of two wells along the south perimeter of the manufacturing building. As proposed the wells (MW 29S and 29D) will be a water table well and piezometer. The construction and installation methods are acceptable.

Please keep the Department advised on the progress of this work.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael Schmoller'.
