**Bird Hunting Preserve Annual Report**  
 Form 9400-584 (6/09)

**Notice:** Under s. 169.36(10), Wis. Stats., completed bird hunting preserve reports must be submitted to the department by June 30 following the license year. This annual report shall consist of complete records of all transactions or activity for the previous year. It must include the total number of all birds stocked and killed or taken, and the number of bobwhite quail, mallards and wild turkey purchased or obtained, sold or transferred, the number propagated and the number of birds possessed on the day the report is filed. You may estimate the number of birds in your possession at the time of reporting if an exact count is not possible due to large pens or large flocks of birds. The failure to submit reports may include forfeitures of up to \$500 and license revocation or suspension. Personal information collected will be used for program administration and enforcement purposes. The department may provide this information to requesters as required by Wisconsin's Open Records law (ss. 19.31 - 19.39, Wis. Stats.).
