

This form is designed to tell us where you have placed your purple loosestrife biocontrol insects, as well as give us important information about the receiving wetland. You are the only one who can give us this valuable information. And since purple loosestrife is a state-restricted plant under NR-40 regulations, reporting where you put loosestrife plants for distributing biocontrol beetles is required by law, (please report all biocontrol insect releases, even if not on potted plants). Use a GPS unit for latitude and longitude data and reading accuracy and/or describe the location completely. Estimate the numbers as best you can (e.g. **a football field is ~ 1 acre**). Thank you for your important contribution to the health of Wisconsin's wetlands!

**Notice:** Information on this voluntary form is collected under ss. 33.02 and 281.11, Wis. Stats. Personally identifiable information collected on this form will be incorporated into the DNR Surface Water Integrated Monitoring System (SWIMS) Database. It is not intended to be used for any other purposes, but may be made available to requesters under Wisconsin's Open Records laws, ss. 19.32 - 19.39, Wis. Stats.

Data Collector / Volunteer Names			
Primary Data Collector Name		Additional Data Collector Names	
Phone Number	Email	Mailing Address	
Date and Time			
Date	Time		
Site Location			
County		Nearest City/Village/Town	
Location Description (ex. CTH K at Town Line Road)			
Latitude(WGS84 format)	Longitude(WGS84 format)	GPS Reading Accuracy	
Landowner Name (and phone number if known):			
Land Ownership Type (circle one):    private        federal        state        county        local        government        unknown			
Site Plant Data			
Acreage of Purple Loosestrife (circle one)	less than 1/4 acre	1/2-1 acre	1-10 acres        more than 10 acres
Purple Loosestrife Coverage on Large Sites (circle one)	0-25%	26-50%	51-75%        76-100%
Number of Purple Loosestrife Plants on Small Sites (circle one)	1-10	11-49	50+
Wetland location/type (circle all that apply):    lake/pond edge    stream edge    roadside    wooded area    ditch    field    other_____			
Site Insect Release Details			
Was a stake or flag used to mark site?    Yes/No        Type        _____		Specific directions (ex. ~100 ft in from side of road)	
If returning to site, was stake or flage found?    Type        _____			
Photo File Name(s):			
Method of Release(circle one) potted plants with beetles        just adult beetles		# of potted plants _____	# of adult beetles released _____
Weather (temp, wind, clouds)		Insect condition... (check all that apply) <input type="checkbox"/> released in good condition? <input type="checkbox"/> released in poor condition? <input type="checkbox"/> pot placed next to field plant? <input type="checkbox"/> if releasing adults, placed directly on field plants? <input type="checkbox"/> tops of potted plants entwined with tops of field plants?	
Additional Comments:			

Please name photo files with site number and date and send to [invasive.species@wi.gov](mailto:invasive.species@wi.gov). To enter data online, please visit <http://dnr.wi.gov/invasives/loosestrife>.

Send completed date sheets to Dept. Of Natural Resources - WT/4, P.O. Box 7921, Madison WI 53791-9087
