

Oak Harvesting Guidelines Economics Sub-Committee Meeting Agenda

Date: January 21, 2015 (Wednesday)

Location: Stevens Point, Dreyfus University Center Room 376

1:00 Welcome
Scope of review process, role of the committee, timelines for the review process

1:15 Review of Current guideline (15 minutes)

1:30 Discussions on questions

1. From an economics point of view, does the current guideline need to be revised?
2. If so, what aspect(s)/part(s) of the guideline need to be changed?
3. To answer questions 1 and 2, what information do you need?

Possible aspect(s)/part(s) that may be suggested for change (only partial list for discussion purposes)

- Change oak harvesting restriction dates
- Change the geographic areas where the guideline is applied
- Include other factors (soil type, terrain, etc.) into decision trees for determining harvesting dates
- Change “when it is not necessary to use this guide” – conversion to a non-oak type
- Change who is required to use the guide
