

**Summary of Public Comments Received About  
Department Proposal for  
Sport Fish Restoration Boat Access Grant Program**

The Department of Natural Resources (DNR) received no public comments concerning our proposal to create a new Sport Fish Restoration Boat Access Development Project Ranking Sheet.

However, DNR staff identified a clarification needed to avoid confusion in questions #1 and #2 and have incorporated that clarification into the Project Ranking Sheet, as follows:

Question #1. Modify this question so that it applies only to Great Lakes and major rivers. Eliminate “*or an inland lake that is 500 acres or larger*” that appears in the draft text.

Question #2. Modify this question so that it applies only to inland lakes. Add phrase “*On inland lakes*” at the beginning of question #2.

The DNR will use the Program Guidance proposed on January 30, 2014, with the above clarification.

Final Program Guidance will be posted no later than March 26, 2014, as follows:

- 1- On the [Sport Fish Restoration \(SFR\)](#) grant program web page
- 2- On the DNR’s Program Guidance web page
