

No external comments were received on the draft “Watershed Permitting Guidance”, which was posted for review in August 2014. This guidance has been signed by WDNR management and will be made available on the web at <http://dnr.wi.gov/topic/tmdls/implementation.html> and <http://dnr.wi.gov/topic/wastewater/Guidance.html> as soon as possible.

This document is intended solely as guidance, and does not contain any mandatory conditions except where requirements found in statute or administrative rule are referenced. The Department intends to update this guidance as experience is gained with watershed permitting and as other program needs dictate. If you have questions or comments regarding this guidance document, or suggestions for additional TMDL implementation topics that are in need of Department guidance, please contact:
