

DNR Brownfield Site Assessment Grant Applications Fall 2008, Round 10

The RR Program has received 78 applications from 35 communities for the Brownfield Site Assessment Grant (SAG) Program.

Applicants requested \$3.38 million in funding for the current round of grants. However, only \$1.7 million is available for Fiscal Year 2008-2009.

Applicants requested \$1.61 million in small grants and \$1.77 million in large grants. Small grants range between \$2,000-\$30,000 and large grants range from \$30,001-\$100,000. This is the tenth round of SAG grants, created in 1998 by the State Legislature based upon recommendations from the Brownfields Study Group.

Since their inception, SAGs have helped communities begin investigation and cleanup activities on 1,400 acres in 187 communities across the state. These activities include 716 site assessments and investigations, the removal of 479 underground storage tanks and the demolition of 529 structures and buildings.

Small Grant Applicants (\$2,000 up to \$30,000)

<u>Cities, Towns and Villages</u>	<u>Project Name</u>	<u>Grant Request</u>
