

Project WET Facilitator Training

WORKSHOP FOR WATER EDUCATION LEADERS

WHO: **Formal & Non-formal Educators, Master Naturalists, University Professors, Extension Agents, Citizen Water-Monitors, Community Leaders, Environmental Educators, Scout/Club Leaders**

WHEN: **August 20-21, 2014**

WHERE: **Interstate State Park, St. Croix Falls, WI**

COST: **\$ 25** (*Training price reduced from \$75 through scholarship funding for WI residents.)

DEADLINE to REGISTER: **Aug. 8, 2014**

Educate. Empower. Act.

We invite you to become a water education leader in your community to help train adults who work with youth to teach about the most precious resource on the planet: water. You will experience **Project WET** (Water Education for Teachers) and place-based activities that focus on clean water resources *and* correlate to emerging education standards. Featured topics and activities include: camping, canoeing the St. Croix River, studying the local watershed with experts, pothole geology, National Parks, mussels, and local watershed management issues. You will walk away as a certified trainer for Project WET and begin leading workshops.

Workshop Learning Objectives:

- Understand the interconnected social, cultural, and scientific trends in your state;
- Access and try place-based, standards-based, state-based curriculum resources;
- Network and share training models and implementation ideas;
- Acquire and utilize Project WET Curriculum and materials relevant to natural resources in your state and community!

Contact Janet Hutchens, Project WET Coordinator, Wisconsin Department of Natural Resources, (608) 261-8453, or email: janet.hutchens@wisconsin.gov. To learn more about Project WET visit us online at: dnr.wi.gov, keyword *Project WET*
