

State of Wisconsin and Department of Defense Pollution Prevention Alliance Charter

VISION

To enhance mission readiness and promote environmental stewardship by forming a proactive, results driven pollution prevention alliance

MISSION

Create a working relationship with government agencies and local communities to promote and implement pollution prevention as the preferred strategy for protecting the environment, conserving resources, fostering community well-being and enhancing mission readiness at DOD/Federal facilities in Wisconsin.

GOALS

- Integrate pollution prevention into everyday activities to maintain or surpass regulatory requirements.
- Promote open dialogue and pollution prevention information exchange.
- Encourage community involvement.
- Establish objectives and measurable targets with which to measure performance.
- Emphasize educational opportunities to promote a pollution prevention ethic among staff.
- Embrace Innovation and explore implementation options.
- Document Pollution Prevention (P2) cost/benefit results including waste reduction, safety improvements, and liability reduction.
