

## **Public Notice on an Application for Participation in Tier I of Green Tier**

Pursuant to Section 299.83, Wis. Stats., the Department of Natural Resources (DNR) hereby gives notice that DNR has received an application for participation in Tier I of Green Tier from Phillips Plastics Corporation (PPC) Multi-Shot, 1233 International Drive, Eau Claire, Eau Claire County, WI, 54701. The Multi-Shot facility utilizes multiple types of plastics in molding various products to suit customer needs. Like the rest of PPC's Wisconsin facilities, Multi-Shot has established and sustained certification of an Environmental Management System to ISO 14001. With it, Multi-Shot has realized environmental improvements in waste reduction, recycling, energy savings, and emissions reductions with specific environmental objectives for the facility. Free home energy audits, tree planting events with tree giveaways, and fluorescent light bulb offers are a few of PPC's efforts to educate employees and their families in environmental awareness at work and away. One example of Multi-Shot's reduced impact on the environment is the revamp of their entire facility's lighting, saving over 448,000 kW/year in energy use. Additional efforts like a chiller system installation and energy efficient compressors will net an additional 456,000 KW/year of energy savings. Phillips Plastics Corporation Multi-Shot has a history of environmental accomplishments, and as a participant in Green Tier commits to ongoing efforts to improve their environmental footprint within their operations and the surrounding community by engaging people and their EMS to establish objectives and targets and report on their progress.

### **Additional information available**

Specific information on this application for participation in Tier I of Green Tier, on Phillips Plastics Corporation Multi-Shot and on the Green Tier program can be accessed via the Internet at:

Fax: (715) 839-6076

Reasonable requests for the information in an alternate format will be provided to qualified individuals with disabilities.

### **Opportunity for public to comment or request a public meeting**

DNR will accept written comments from the public regarding the application through August 18, 2008. Comments may be submitted to Mark Harings (see above).

Also within the 30-day comment period, individuals may request a public informational meeting concerning this application by submitting a written request to the DNR contact. If DNR determines there is significant interest in this application, DNR will hold a public informational meeting.

### **How DNR will make final decisions**

DNR will determine whether the applicant has satisfied all of the eligibility requirements in sec. 299.83(3), Wis. Stats. If all eligibility requirements are met, DNR will approve this application unless doing so is not in the best interest of the Green Tier program. A decision by DNR to approve or deny an
