Notes:

The department determined some projects are ineligible for SDWLP funds based on the Notice of Intent to Apply form or Priority Evaluation and Ranking Form received by 12/31/06. Those ineligible projects are not included on the Project Priority List.

¹These projects are closed or are likely to close on a loan from SDWLP SFY 2007 funds, so the project costs funded with SFY 2008 funds for these projects will likely be \$0.

²The department has not yet assigned priority scores to these projects; the municipalities must submit more information before the department can determine whether these projects are eligible for SDWLP funds.

³The SDWLP inadvertently omitted the Town of Rome's Project No. 4895-01 from the original SDWLP SFY 2008 Project Priority List published online, dated March 27, 2007. The addition of Project No. 4895-01 is the reason the SDWLP published a REVISED SDWLP SFY 2008 Project Priority List.
