Notes:

The department determined some projects are ineligible for SDWLP funds based on the Notice of Intent to Apply form or Priority Evaluation and Ranking Form received by 12/31/07. Ineligible projects are not included on the Project Priority List.

¹ The priority score for each of these projects may change after the SDWLP obtains median household income information from the U.S. Census Bureau for these communities.

² These projects are closed or are likely to close on a loan from SDWLP SFY 2008 funds, so the project costs funded with SFY 2009 funds for these projects will likely be \$0.

³ The department has not yet assigned priority scores to these projects; the municipalities must submit more information before the department can determine whether these projects are eligible for SDWLP funds.
