Contact Person: Tim Parsons, Grant Manager, (608) 267-9385

Program	Project Grantee	Project Name	County	DNR Reg	Grant Amt (State Share)	Local Share	Project Desc
Targeted Runoff Rural Construction	BROWN COUNTY	Bradley Farms Manure Separation	Brown	NE	\$63,000.00	\$27,000.00	To cost-share installation of manure storage systems and barnyard runoff practices which will address the Agricultural Performance Standards and prohibitions under Subchapter II of NR 151 dealing with manure storage facilities, nutrient management, and prevention of direct runoff from a feedlot or stored manure into waters of the state.
	CALUMET COUNTY	Michael Koehler Farm Site NOI	Calumet	NE	\$150,000.00	\$250,000.00	To cost-share barnyard and manure management practices for control of the infiltration and runoff of nitrates, phosphorus, other nutrients, bacteria and other pathogens, organic material and toxic wastes and reduce their delivery to groundwater and surface water in order to remedy the NOI issued April 10, 2008.
	CLARK COUNTY LAND CONSERVATION COMMITTEE	Bovine Asset Management Runoff Control	Clark, Taylor	WC	\$150,000.00	\$318,500.00	To cost-share design and landowner installation of runoff control, manure management and leachate collection systems to manage contaminated discharges of sediment, nutrients and pathogens from the Bovine Asset management livestock operation into the South Fork of the Eau Claire River.
	COLUMBIA COUNTY LWCD	Doherty Livestock Operation 151	Columbia	SC	\$127,730.00	\$54,733.00	To cost-share manure structure closure, installation of feedlot and manure management systems, and clean water diversions to address runoff concerns under the Columbia County Animal Waste Management Ordinance and the Agricultural performance Standards and Prohibitions under Subchapter II of NR 151 concerning sheet & rill erosion, manure storage, clean water diversions, nutrient management, and prevention of direct runoff from a feedlot or stored manure into waters of the state.
	COLUMBIA COUNTY LWCD	Hughes Livestock Operation 151	Columbia	SC	\$141,690.00	\$60,718.00	To cost-share installation of feedlot and manure management systems to address runoff concerns under the Columbia County Animal Waste Management Ordinance and the Agricultural performance Standards and Prohibitions under Subchapter II of NR 151 concerning sheet & rill erosion, manure storage, clean water diversions, nutrient management, and prevention of direct runoff from a feedlot or stored manure into waters of the state.
	COLUMBIA COUNTY LWCD	Ziegler Dairy Farm 151 Project	Columbia	SC	\$150,000.00	\$17,000.00	To cost-share installation of additional manure storage capacity, leachate control systems, and clean water diversions to address runoff concerns under the Columbia County Animal Waste Management Ordinance and the Agricultural performance Standards and Prohibitions under Subchapter II of NR 151 concerning manure

# Targeted Runoff Management Grant Program

Contact Person: Tim Parsons, Grant Manager, (608) 267-9385

Program	Project Grantee	Project Name	County	DNR Reg	Grant Amt (State Share)	Local Share	Project Desc
Targeted Runoff Rural Construction							storage, clean water diversions, nutrient management, and prevention of direct runoff from a feedlot or stored manure into waters of the state.
	DOOR COUNTY	Ahnapee River/Massart Project	Door	NE	\$150,000.00	\$78,195.00	To cost-share design and installation of barnyard and manure management best management practices to create a no-runoff system on the Harold Massart dairy farm and address the Agricultural Performance Standards and Prohibitions under Subchapter II of NR 151 relating to clean water diversions, nutrient management and prevention of direct runoff from a feedlot or stored manure into waters of the state.
	DOOR COUNTY	Black Ash Swamp/Jeanquart	Door	NE	\$150,000.00	\$114,453.00	To cost-share design and installation of barnyard and manure management best management practices on the Edward Jeanquart dairy farm to protect groundwater and surface water quality and address the Agricultural Performance Standards and Prohibitions under Subchapter II of NR 151 relating to clean water diversions, nutrient management and prevention of direct runoff from a feedlot or stored manure into waters of the state.
	DOOR COUNTY	Brussels/Wautler Dairy Operation	Door	NE	\$39,480.00	\$28,602.00	To cost-share design and installation of barnyard and manure management practices on the James Wautier dairy farm to protect groundwater and surface waters of Keyes Creek and address the Agricultural Performance Standards and Prohibitions under Subchapter II of NR 151 relating to nutrient management and prevention of unconfined manure piles in water quality management areas.
	DOOR COUNTY	Clark Lake/Hasenjager Farm	Door	NE	\$96,740.00	\$48,644.00	To cost-share design and installation of barnyard and manure management best management practices on the Mark Hasenjager dairy farm to protect groundwater and surface water quality for Clark Lake and address the Agricultural Performance Standards and Prohibitions under Subchapter II of NR 151 relating to clean water diversions, nutrient management and prevention of direct runoff from a feedlot or stored manure into waters of the state.
	DOOR COUNTY	Hibbards Creek/Haberli Farms	Door	NE	\$150,000.00	\$95,331.00	To cost-share design and installation of barnyard and manure management best management practices on the Haberli farms to protect groundwater and surface water quality for Hibbards Creek and address the Agricultural Performance Standards and Prohibitions under Subchapter II of NR 151 relating to nutrient management and prevention of direct runoff from a feedlot or stored manure into waters of the state.
